U can still make the flight if u can get to the airport by 7pm. Delta has an 845 and 945 flight also but they are $900 one way right now. But They will probably put u on one of those standby if u get to the airport late and miss 745

We have to give $1500 to Metro Boomin today and another $1500 next week so ill use the rest of the check money to give him his today. Can we give Harley $1500 today so we have a little left over for other bills? You still have one more check coming from the show also maybe next week

Here's situation for Coi's phone She does not qualify for a full upgrade until Nov 2014 so that's why it's not $199 it's $350 to get the IPhone 5. There is one full upgrade on the entire account (Scnopps line) which can be used to get it for $199 but that's what we would use to get you the new iPhone 5s. They haven't released the price on the 5s yet but it's expected to be about $500-600 full price without an upgrade

Conference call with Shakim at 230pm tomorrow. He told me James Dubose never showed up the other day and sent him a crazy text saying how he's having all these problems and he's gonna shut everything down and he wants to get away almost suicidal he said so him and Gutta were gonna talk to some other producers this week about it

we just got a wire of $2500 from radio station for Cincinnati event. Please keep in mind we already spent $1225 of that in advance on plane tickets for this weekend ($220 atlanta to Norfolk; $235 Norfolk to Cincinnati; $320 from Cincy back to Atlanta. Plus $450 to change the Norfolk ticket to leave from Atlanta after the show got canceled the prices went up a lot)

Just a way to get some cash upfront since vh1 wouldn't do it. You would basically sign over your first couple checks to be paid to him and he would give you the $10,000 now

I spoke to fly he's trying to hold at 60 I asked him to come up a little and he said maybe 65 then he went back to saying his budget is 60. He says he's ready to close the deal next week. He wants to see all of the stuff first so we have to decide if it's cool to bring him over to the atlanta pro audio spot he wants to meet me tomorrow to look at everything

Alright Mr Benzino. I went over and sent a we transfer folder with the catalog. I sent a folder because gmail limited me to two mp3s per email so I didn't want to blow up your email. Thank you again and blessings to you.

Good afternoon Mr Benzino. I sent an email over to you but it returned as not delivered because your email is full. I'd really like to get these tracks over to you my G. I truly believe in the sound and I know it's the future. I make sure to deliver quality when I produce and I guarantee you quality homie. AnRs try their best but their credibility is not like yours. I just need that chance my G. I won't waste your time.
